

PRESENTS

PROJECT MANAGEMENT FOR SCIENTISTS

Run by:
CRG International & Scientific Affairs team (ISA)

Apply by: 15th October 2017

WORKSHOP:

*Do you have a great project idea but you failed to convince your supervisor or funding agency?
Do you know how to manage your projects well, following a working plan and avoiding the potential pitfalls?*

These are all questions that you might have wondered at least once in your life as a researcher. A good practice of Project Management is the right answer to most of them.

After this workshop you will be able to:

- Plan a project according to available time and resources
- Define clear objectives and key factors for success
- Identify and control risks
- Manage time and resources responsibly
- Evaluate and report on progress

Register

DURATION: 4 half- days (9am-1:30pm): November 8th, 9th 10th and 27th
Up to 16 participants will be selected based on the motivation statement.
