

PRESENTS

BASICS OF BIOLOGY

Coordinated by:
Fátima Gebauer & Mara Dierssen

Apply by 17th January 2018

Basics of Biology (Biology for dummies)

PART I: Gene expression and its regulation

Coordinator & teachers: Fátima Gebauer, Guillermo Vicent, claudia Vivori & Elías Bechara

Dates of face to face session

- 19/01/2018 - 10:00-11:00/Aula Room - T01: Introduction
- 02/02/2018 - 10:00-12:00/Aula Room - T02: Chromatin and epigenetics: ChIP-Seq
- 16/02/2018 - 10:00-12:00/Denmark - T03: Transcription and splicing:RNA-Seq
- 23/02/2018 - 10:00-12:00/Aula Room - T04: Translation: Ribosome profiling

PART II: Cell Biology (e-learning)

Coordinator & e-teachers: Mara Dierssen, Amy Curwin, Ishier Raote, Sebastian Baumann & Esteban Hoijman.

- T05: Introduction to Cell Biology: The cell and its organelles
- T06: Cell Division: The cell and its organelles
- T07: Cell cycle regulation, cancer and stem cells
- T08: Cell motility and transport
- T09: Cell communication and metabolism
- T10: Cell Biology techniques
