

PRESENTS

RNA-SEQ ANALYSIS (INTRODUCTORY COURSE): LEARN HOW TO ANALYSE RNA-SEQ DATA AND INTERPRET THE RESULTS

Organized by: Biocore (Sarah Bonnin and Luca Cozzuto)

Apply by 20th April 2019

Dates: 5 half days (18 hours in total), CRG Training Centre
13th & 14th of May 2019 (9:30 - 13:30)
15th & 16th May 2019 (14:00 - 17:00)
23rd May 2019 (9:30 - 13:30)

Course programme:

Day 1: Download raw data, quality control of data, experimental design

Day 2: Read mapping to reference transcriptome

Day 3: Differential expression analysis

Day 4: Genome browser, gene ontology enrichment analysis

Day 5: Troubleshooting of a mini-project
