PRESENTS

IMPLEMENTATION OF ELECTRONIC LAB NOTEBOOK AT CRG

Apply now!

This hands-on course is tailor-made for new labs joining CRG but could also be a refresher for those who already use the electronic lab notebook (ELN). During this introductory course, we will cover the basics of the ELNs, such as the comparison between different ELNs, understanding what information should be included there, and tips for structuring your ELN effectively, all in line with the institutional data management policy.

Instructors: Marc Bataller and María Guirola

Date: April 30th 2024

Hour: 10:00-12:00h

Location: Bioinformatics room (CRG Training Center)

Level: Beginners
