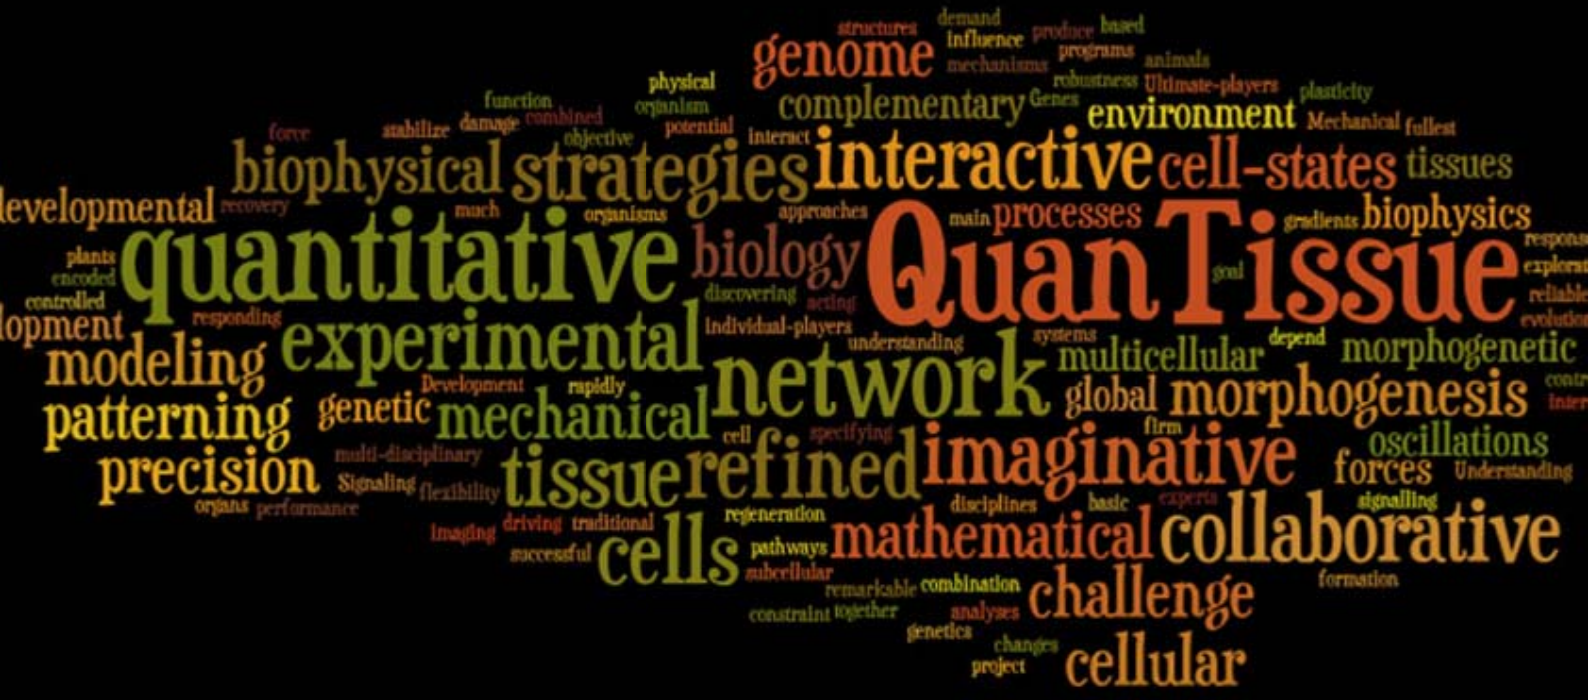
SYMPOSIUM

QuanTissue:

QUANTITATIVE MODELS IN CELL AND DEVELOPMENTAL BIOLOGY



February 13-15, 2012

PRBB Auditorium, Barcelona, Spain

The Symposium will be followed by the Workshop

"Tracking across scales: from single molecules to cells"

Visit our website for more information. **www.quantissue.eu**

ORGANIZER

Hernán López-Schier

SPEAKERS

Richard Adams
(University of Cambridge, UK)

Benoit Aigouy
(Max Planck Institute, Dresden, DE)

James A. Glazier
(Indiana University, USA)

Marcos González-Gaitán
(University of Geneva, CH)

Nathan W. Goehring
(Max Planck Institute, Dresden, DE)

Carl-Philipp Heisenberg
(IST Austria, Vienna, AU)

Jan Huisken
(Max Planck Institute, Dresden, DE)

Paul Janmey
(University of Pennsylvania, USA)

Thomas Lecuit
(IBDM, Marseille, FR)

Alfonso Martínez-Arias
(University of Cambridge, UK)

Ewa Paluch
(MPI-CBG, Dresden / IIMCB, Warsaw)

Lukas Pelkmans
(ETH, Zurich, CH)

Mathieu Piel
(Institut Curie, Paris, FR)

James Sharpe
(CRG, Barcelona, ES)

Xavier Trepat
(Universitat de Barcelona, ES)

Julien Vermot
(IGBMC, Strasbourg, FR)
